### Departments

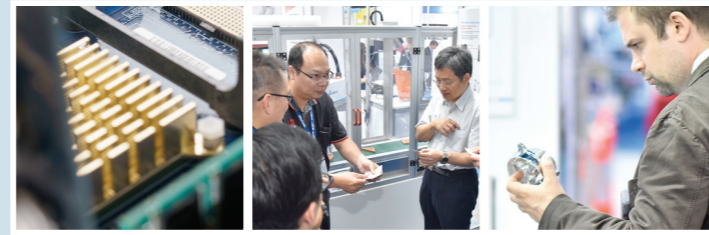

ELECTRONICS  
MANUFACTURING

# THE NEW FRONTIER

(WED - SAT)  
**24-27** 10.00-18.00 hrs.  
**JUNE 2020** BITEC, BANGKOK

## Why NEPCON Thailand?

Inspire the electronics community by presenting your leading-edge innovations in electronics manufacturing.

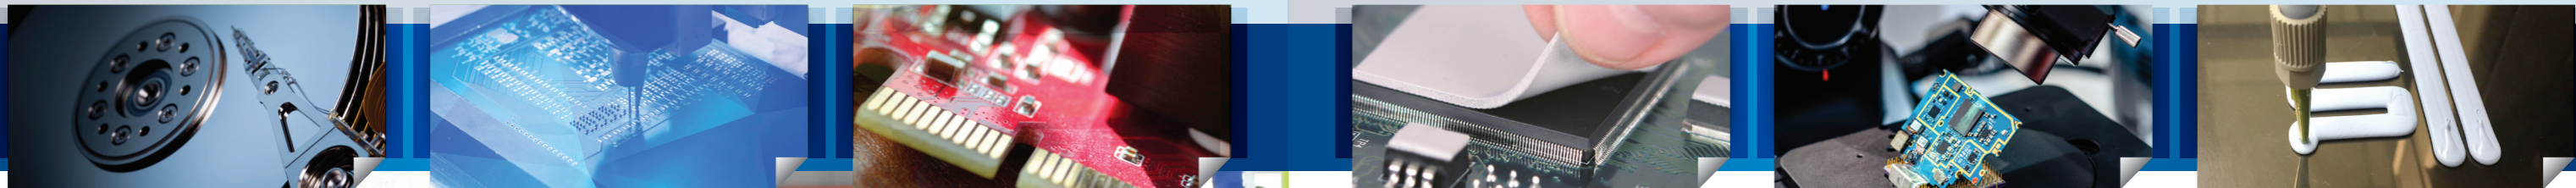

Save time, meet your right buyers from the electronics manufacturing industry during 4 days.

Enhance brand visibility among target groups in Thailand and other ASEAN countries.

Co-located with Manufacturing Expo 2020; build networks with industrialists from diverse sectors.

## VISITORS PROFILE

**Manufacturers of follow industries** • Electric/Electronic Device • Semiconductor Assembly • Semiconductors Components • Electronics Assembly • Electronic Components • Automobiles • Automotive Components • Automobile-related Devices • Production Equipment • Optical Instrument & Equipment • Lighting Fixtures • Display Panels • PWBs/PCBs Assembler • Power Device • MEMS Device • Sensor • LED • EMS Provider, Subcontractor • Medical Device • IC Manufacturer • Home Appliances • Audio/Visual Equipment • Mobile Communication Systems Equipment • Telecommunication • Industrial Control/Factory Automation • Personal Computer Peripheral • Office Equipment • Test/Inspection Equipment • Watch & Jewelry • Transportation Equipment • Aircraft/Aerospace Device • Smart Electronics • OEM/ODM/EMS • Electronics Brand Owners

## EXHIBITORS PROFILE

**SMT Equipment & Technology** • Mounters • Dispensers • Soldering Machines/Materials • Sealing Machines • Washing Machines • Laser Processors • EMS/Contract Manufacturing Services • Clean/ESD Protection Products • Factory/Facility Equipment

**Inspection Equipment & Technology** • Inspection Equipment • X-ray Inspection Equipment • AOI Inspection Equipment • Analysis Equipment/Software • Measurement Equipment • Machine Vision/CCD Cameras • Reliability/Evaluation Inspection Equipment • Non Destructive Inspection Equipment • Contract Analysis Services • Testers

**Printed Wiring Boards** • PCBs (Rigid/Flexible/Multi-layered) • Built-up PCBs • Semiconductor Packaging PCBs • Optical PCBs • CAD/CAM/CIM

**Fine Process Technology** • Press Work • Cutting/Drilling • Fine/Precision Sheet-metal Processing • Metal Molding, Electroforming • Fine Casting • Mirror Grinding • Laser Processing • Difficult-to-cut Materials Processing

**IC & Sensor Packaging Technology** • Assembly Equipment • Packaging Materials/Components • Analysis/Simulation Software for IC Packaging • Semiconductor Device Inspection & Equipment • SATS/Contract Design Services • Plating/Etching Materials/Equipment • MEMS Device Manufacturing Equipment

**Electronic Components, Materials, Design & Tools** • Connector & Cable • SMDs (Capacitor/Diode/Resistor/Transistor/IC/etc.) • Sensor & Switches • Terminal Block • Transformers • Materials for Mounted Circuit • Nano Technology Materials • Design Software

**LED & Laser Diode Technology** • Smart Lighting/LEDs/OLED • Laser Diode Technologies • Optical Components/Materials • Optical Design Software • Thermal solutions • Power Supplies, IC • Manufacturing/Inspection Equipment

**Supporting Industry for Electronic Assembly** • Electronic Manufacturing Robotics • Electronic Rubber Part • Electronic Precision Metal Part • Electronic Chemical Related Material • Electronic Device's Plastic Packaging • Smart Factory/Manufacturing Process • Smart Material Handling & Transportation • Smart Security System/CCTV/Cyber Security • Clean Room & Consumer Equipment
